Important Notes

- For each 30 minute lesson a skater has, they should be practicing an extra 30 minutes to reinforce skills that were learned in each lesson.
- Each coach has a personal billing procedure. The coach and parent should discuss how this works between themselves and be timely with billing and payment respectively.
- Coaches and parents should be communicating regularly about lesson schedules and practice schedules. If someone is going to be late, let the other person know immediately to prevent lessons from being missed.

How do Private Lessons Work?

Private lessons are a great way to learn quickly while having fun.

Each of our on-staff instructors work as independent contractors and are paid directly by each skater. Lessons usually run 20, 30 or 60 minutes in length depending on the needs of the skater and scheduling.

What do Private Lessons Cost?

Lesson rates vary depending on the coach, but expect to spend approximately \$1 per minute on the low end. Lesson payments are made directly to the coach.

In addition to paying your coach directly, you must also purchase Contract/Freestyle Ice through the rink.

Contract/Freestyle Ice is the ice we reserve for our skaters to have private lessons and independent practice on.

Contract/Freestyle Ice Costs

30 minutes - \$10.00

1 hour - \$20.00

10 hr Punch Card* - \$200.00

20 hr Punch Card* - \$390.00

* Punch cards do not expire

Unlimited Monthly Card - \$399.00

Skaters may walk on and pay per 30 minutes at the Front Desk or can register for their desired Contract/Freestyle Ice time online. Skaters may also purchase Punch Cards online as well.

How do I select a Coach?

- Observe our coaches during our Skate School classes or Contract/Freestyle Ice sessions.
- Try matching your skater's personality to the coach.
